Statement of reasons

Cycle Future Route 12 - Rotherhithe to Peckham

Phase 2 Meeting House Lane area

*The London Borough of Southwark (Charged-for parking places) (CFR12 Meeting House Lane area) Order 202**

*The London Borough of Southwark (Free parking places, Loading places and Waiting, Loading and Stopping restrictions) (CFR12 Meeting House Lane area) Order 202**

Southwark Council proposes to make changes in the Meeting House Lane area (in the Peckham ward, the Nunhead & Queen's Road ward and the Old Kent Roadward), within the London Borough of Southwark.

The scheme as a whole is looking to install a cycle route from Rotherhithe, starting on Hawkstone Road and ending at two points in Peckham, Asylum Road and Meeting House Lane. This is the Meeting House Lane area section of the 'Cycle Future Route 12'.

This scheme will aim to improve safety for cyclists and attract existing and new cyclists to the area by introducing new footway build-outs, new 'at any time' waiting restrictions (double yellow lines) with contiguous 'at any time' loading restrictions (double kerb blips), raised speed tables and raised 'zebra' pedestrian crossing to protect junctions, slow motor vehicle speeds and to improve visibility at crossings along Goldsmith Road and Meeting House Lane (between its junction with Goldsmith Road and Naylor Road/Carlton Grove). There will be the need to remove some 'permit-holders' only and 'shared-use' (permit-holders' and Pay by Phone) parking throughout the route in existing CPZs (Controlled Parking Zones) 'B' and 'T'.

The scheme works with Transport for London and the London Borough of Lewisham to increase cycle permeability in the busy area, in line with the Southwark Streets for People policy and the Mayor's Transport Strategy. The proposals will re-allocate road space to make a safer route with both walking and cycling improvements to encourage higher take-up of active travel.

Anyone wishing to view the proposed scheme and supplementary documents (the Notice of Proposals, the proposed Orders and a statement of Southwark Council's reasons for making the Orders), or make any representations regarding the proposal, may use our consultation portal at Public Consultation (appyway.com).

The consultation period runs between 15 October 2026 and 5 November 2026 for this scheme. Please note that if you wish to object to the proposals you must state the grounds on which your objection is made.
